

The City Rescue Mission Women and Children's Shelter

In April of 2006, the City Rescue Mission purchased the former Maplewood school and began raising funds to renovate the building. This facility became the City Rescue Mission Maplewood Center and allowed the Mission to move and expand its former women and children's shelter.

The Maplewood Center includes a full 33,000 square foot building on 2.47 acres of land in the heart of Michigan's capital area. The Women and Children's Shelter, in this new facility, has the potential capacity of 130 beds for women and children.

For more information on the Maplewood Center, visit us online at www.lcrm.org, email info@lcrm.org, or call our offices at 517.485.0145.
